

Humana risk adjustment and Stars 2021 monthly learning series

The Humana risk adjustment and Stars provider education teams are pleased to offer the following live WebEx learning sessions in 2021. Some presentations contain free continuing education unit (CEU) opportunities* for certified coders; a coding certification is not required to attend. Those employed with any Humana-contracted physician or other healthcare provider are welcome, including physicians, coding and billing staffs, office managers and care coordinators.

Here is the schedule:

All times are Hawaii Standard Time.

How to register:

Registration must take place prior to the event. You may register in one of two ways:

1. While holding the control button, click “Register” next to the session in which you would like to participate.
 2. Select “Register” at the bottom of the Webex page, and Webex will send an invitation that can be added to an Outlook calendar.
- OR**
1. Copy the URL listed next to the session in which you would like to participate.
 2. Paste the URL into a browser, hit enter and register.

Please register for only one session per topic, as space is limited. Also, please register each attendee separately. The presentation is limited to one CEU per registration, where applicable.

If you have questions or need help with registration, email pnce@humana.com.

* A minimum participation time of 75% of the total presentation is required to qualify for the CEU. Participants must be connected to both the audio and visual parts of the meeting for attendance to be recorded. After attendance is verified, an American Academy of Professional Coders (AAPC) CEU certificate will be emailed to the participant if he or she has indicated having an American Health Information Management Association (AHIMA) or AAPC coding certification. AHIMA accepts AAPC CEUs.
